We continue to add new specimens to the website galleries on a regular basis. We have a lot of new and good material, at all price points, to add.

This is a reminder that the auction will close this evening at 7 p.m. eastern standard time. There are 100 great items - too many good ones to feature all in this mail! Highlights include:

- * an excellent leifite/serandite combination (ex Tate)
- * beautiful deep blue glassy gemmy tanzanite crystal
- * fine crystallized native silver coming off copper from Michigan
- * beautiful aquamarine/spessartine combination piece
- * large excellent Tsumeb azurite crystals in a cluster
- * fine old-time acanthite from Saxony
- * Plus many, many others ...

As always, we welcome your comments and suggestions.
