CELESTIAL EARTH MINERALS

Let us Introduce Ourselves...

So, who exactly are these people at Celestial Earth Minerals? Well...we have grown from a long lineage of mineral lovers. It all started in the early 1970's with Mineral of the Month Club.

In the early 1970's Russ and Alexandra Filer started Mineral of the Month Club in California. They wanted to make available affordable and quality minerals to the general public. At the time mineral collecting was geared towards the "serious" collector, with "serious" money to spend.

In the early 1980's Russ and Alexandra retired and so did MOTMC, In the mid 1990's Richard and Cheryl Sittinger also from California resurrected the club. In 2012 when they retired, Dimitri and Mary Spanos took over the club.

All three couples had a love and appreciation of the mineral kingdom and wanted to share their passion with others.

As the lyrics in one of Bob Dylan's songs say, "the times they are a changin'". Not only has Mineral of the Month evolved with technology and social media, but the Celestial Earth Minerals website has been born. To read more about us click on the article link below:
