Dakota Matrix Minerals

Sept. 18, 2015

Hi Folks,

[Our Weekly Update is TODAY](#) **Friday at 3pm US Mtn Time.**

We will debut several specimens from the **Don Shultz** collection of Bloomfield, New York. Don sold me his collection recently, and I picked it up just last week. He was a systematic collector and purchased frequently from Wards scientific in the 1950's and 60's. Many of his pieces are rare to uncommon with countless specimens from localities no longer available. The specimens we will post today are not necessarily the best as I have not yet sorted through the whole collection.

Specimens from the Don Shultz Collection

Our Next Special edition will be "**Ore Minerals**", probably sometime next week. Please make sure you have the [Notifier installed](#). Click here: <http://www.dakotamatrix.com/mineral-galleries/specialeditions/upcoming> to go the page to Download the Notifier. You will see a link at the top of the page.

Thanks!

Tom
