## The 18th Annual Pre-Tucson Mineral Sale is Open!

The sale is off to a very quick start with many high end specimens, including fine Silvers and Golds, selling for huge discounts. I wanted to let everyone know that we now have a 5 day shipping window before departing for Tucson but can bring specimens to the show for delivery or even ship items from the show. Another question we've been receiving is how do the discounts work? They are calculated the same way as previous sales, meaning that the online website prices are not discounted. All orders are deeply discounted to reflect sale prices. For example, a \$1000 specimen on the website will be discounted down to as little as \$500, \$600, or \$700, depending on the specimen and which showroom it's located in. Typically, the older the showrooms, the greater the discount but we're also giving some large discounts on the new items as well! You can even make an offer and see what happens. All specimens are on sale!

**Something for everyone and every collection!**  
**All offers are always welcome during the sale!**  
**Discounts begin at 30% and can be greater than 50%!**

Since the entire website is on sale, I'm linking the entire website....
