## **The Tucson Mineral Show Closed on Sunday!**

And what a great show it was. I will be bringing back some incredible mineral specimens, including items like a South African Diamond on Kimberlite, rare Silvers, new Emeralds on Calcite, gorgeous Tourmalines and other gemstone minerals, Calcites, Fluorites, crystalline Golds, Apatites from North Carolina, and etc, etc, etc....! In the meantime, due to popular demand, I am expanding the Tucson Mineral Sale by a few days until we return home later this week. Three more days to take advantage of and lock in the 50% discounts on most website specimens! We've already sold dozens of specimens during the sale and the savings have been huge. Lock in your selections now and please feel free to use the popular layaway option to spread out your purchases over time!

**Fine specimens for everyone and every collection!**  
**All reasonable offers are always welcome during the sale!**  
**Most specimens on the entire website are discounted 50%!**

Since the entire website is on sale, here are some of the main links....
