Auction Closing!

WEINRICH — MINERALS —

As the Tucson Shows have finally come to a close, we would like to thank all who have made this year's show very successful! We will begin updating the website galleries on a regular basis again by next week, if not sooner.

This is a reminder that the auction will close this evening at 7 p.m. eastern standard time. We currently have 131 new specimens up for auction. Some very nice things here! Some of the highlights include:

A beautiful matrix crystallized gold from California
Azurite set from Mexico
Several good wholesale flats from Cornwall/Devon in England
Smithsonite from Greece
Large Cornish copper
Plus many others

You can find these by clicking on the [Auction Link](#) on our Home Page.

Smithsonite - New

Fluorite - Belgium

Rhodochrosite -
