New Updates - Auction Closing

We have added close to 180 new specimens to the website during the past several days. You will also notice that the website has been slightly redesigned, hopefully to make initial navigation to your area or areas of interest easier. To view the latest updates click here: [Latest Updates](#)

Many attractive and interesting thumbnail specimens, as well as over 90 neat sphalerite, marcasite and quartz specimens from recent finds in Washington Co., Missouri have been added to the discount section. To see these directly click here: [Discount Section](#).

This is a reminder that the auction will close this evening at 7 p.m. eastern standard time. We currently have 147 new specimens up for auction. Some very nice things here! Some of the highlights include:

Beautiful Tennessee fluorite on sphalerite
Very fine crystallized hemimorphite from New Jersey
Rare well crystallized betekhtinite from Kazakhstan
A very nice benitoite from California
Showy specimens of fluorite, calcite and witherite from Illinois
Neat fluorite specimens; pretty tourmalines
Plus many others
You can find these by clicking on the [Auction Link](#) on our Home Page.
