**Subject:** New minerals: VOLBORTHITE from Milpillas, and the Best Minerals of July

New minerals are now online at johnbetts-fineminerals.com

This week I modified the weekly update of new minerals:  
One page features 48 VOLBORTHITE specimens from the Milpillas Mine, Mexico.  
The other page features the best minerals posted in July when many collectors were traveling on vacation.

The minerals are now available for viewing at these 2 pages:

[New Listings Page 1b \(under \\$50\)](#)

**NOTE:**

**THE NEW MINERALS ARE ONLY ACCESSIBLE VIA THE LINKS ABOVE.**

The minerals are not added to the locality and mineral galleries until they are online for a week.

Sincerely,

John Betts, owner
