## Celestial Earth Minerals & Mineral of the Month Club

### November Monthly Offerings

Another holiday season is upon us and here at Mineral of the Month Club it will also be a season of change. It has been a fun journey and a true blessing to get to know all of you over these last several years. We have found that the 2 on-line shops that we have is a vessel that allows us to reach a broader range of rock hounds.

Though we will be sorry to see Mineral of the Month Club as we know it come to an end, we will continue to provide minerals and resources to the rock hound community.

***December will be the last mailing to all of you and after the December 1st billing we will discontinue all recurring billing so you will not be billed going forward.***

***Please continue to visit our [Celestial Earth Minerals Website](#) and [Celestial Earth 7 Etsy Shop](#)***

See below for our monthly featured and offering minerals.

## Featured Mineral

This month we are pleased to feature Shattuckite from Namibia. it is a relatively rare, bright-blue, basic copper silicate that is a sheer visual joy and is sure to enhance any collection.

Also available to purchase in larger display sizes. click here: [www.celestialearthminerals.com](http://www.celestialearthminerals.com) and then click on the monthly offerings tab.

Shattuckite, Namibia

Shattuckite, Namibia

## Monthly Offering

This month we have Blue Chalcedony a sweet beauty that is part of the quartz family. We picked these babies up at one of our trips to the Tucson Gem & Mineral Show. We hope that you like them as much as we do!

You will find the monthly offering under the Offerings tab section of the website. [www.celestialearthminerals.com](http://www.celestialearthminerals.com)

Blue Chalcedony
