**Subject:** New Additions Update at 7pm Mtn time

Hi Folks

Our New Additions update will be released tonight at 7pm Mountain Time.

[Gold, Silver and Copper](#) is the theme of this web update. We acquired several Gold specimens from the Harvard mine in California. These are all very nice specimens with good amounts of leaf good as the photo above shows.

In addition to the Harvard Gold are other Golds from Homestake mine in the Black Hills and a Standard Metals mine (CO) Gold.

The Copper is mostly from Michigan and the Silvers are from all the US and Canada.

Enjoy the Update!
