*** The Tucson 2018 Showroom Updates ***

Finally, the First Tucson Showroom for this year's show is online! There are over two dozen incredible specimens in this first update, with many more to follow in the weeks to come! We acquired several new mineral collections in Tucson, including many classic specimens from around the world, and the first of these begin to make their appearance in today's update! There will definitely be something for every collection and I welcome and encourage requests if you have specific items you are looking for. We might just have what you need in our new inventory and I can email pictures if we do. Enjoy the new update and please feel free to ask questions or make offers. Layaways are available.
