WEINRICH MINERALS

I continue to add new specimens to the website. Be sure to check out our [Latest Additions](#).

We are currently working on processing for sale an excellent collection of Ojuela Mine, Mexico specimens. Some very fine things in this. We hope to have these ready for sale, and begin posting specimens, later this week. There are over 350 specimens in the collection.

This is a reminder that 114 new auction specimens are now available. This auction will close in evening of Tuesday, November 27, 2018 at 7 p.m. EST.

Highlights include:

- very pretty blue salammoniac from Chile
- Gold from California
- rare and choice bayldonite after mimetite from Tsumeb
- superb Tsumeb diopside (ex Minette)
- matrix aquamarine from Massachusetts
- set of purple fluorapatite from Connecticut
- large aesthetic calcite on matrix from Missouri
- Plus many others
