* The NEW Denver 2020 Auction is Online!*

The Denver Show \$485 or \$895 Auction!

*** Auctioning 30 Gorgeous Mineral Specimens ***

These higher quality specimens are all discounted to opening bids of only \$485 or \$895! The original prices are much higher so the auction discounts are huge! This is an exciting new way to auction specimens and I hope everyone finds a few items to bid on and take part in the action. There's a bit of everything in this new auction, including a very rare Platinum from California!

Don't miss out! All reasonable bids and offers will be accepted!
