## New from the Pete Richards Collection

I've posted more great U.S. specimens from the Pete Richards Collection in this new [Update \(click here\)](#). There are beautiful specimens, including wulfenite, rutile, amazonite, vesuvianite and more from classic American localities from across the country.

Hope you enjoy the update!

### Canadian Dollar

The currency disparity is significant in favour of the U.S. dollar these days. My usual reminder - prices on the website are in Canadian dollars (if you are thinking in - or used to browsing online minerals in - US dollar terms).
